

Course Completion Certificates

The America's Boating Club national website contains a lot of valuable information for club members to review. In addition to details on the activities of the national organization and descriptions on all the available Course and Seminars, the website also contains links to each members educational achievements, course completions and designations.

In order to view your specific education information, access the website at americasboatingclub.org and select Member Login. After entering your certificate number and password, you will be redirected to a page that contains your Member Profile on the right of the page and there is a link to Manage Profile. Click on the Manage Profile button (you may then be asked to re-login with your certificate and password information).

On the page Managing your Personal Information page there will be several links near the top of the page, indicated in blue text. Select the Show training history link. The next page lists some personal information including: certificate number, name, date joined ABC, etc. After that section there is a link to Print an Eddept "All Completions Certificate", click on this link, which will create and open a pdf file. Depending on your browser settings, you may be asked to allow a download from this website, click allow.

The resulting certificate will indicate your current designations along with all of the Courses and Seminars you have completed. Review the document to make sure it correctly reflects all of your achievements. If you notice any discrepancies, please contact the Education Officer (link to tomriley@mac.com).
